Cookies.

GoalSpan only uses necessary cookies that are essential for the proper functioning of the website, such as session ID cookies that store session information. A cookie is a small amount of data, which often includes an anonymous unique identifier, which is sent to your browser from a website's computers and stored on your computer's hard drive. We use session ID cookies to track your login status, which is only ever transmitted over HTTPS. GoalSpan does not utilize any other types of cookies, including persistent cookies, for any purpose. These cookies are required to use the GoalSpan Services. If you disable cookies, you may still use our site, but your ability to use some areas of our site will be limited.

This Privacy Policy does not cover the use of cookies by our partners and affiliates. We do not have access or control over those cookies. Our partners and affiliates use session ID and persistent cookies to better gauge interest in our Services.

Currently, various browsers offer a "do not track" or "DNT" option which sends a signal to websites' visited by a user about the user's browser DNT preference setting. GoalSpan does not currently respond to browsers' DNT signals with respect to the website, in part, because no common industry standard for DNT has been adopted by industry groups, technology companies or regulators, including no consistent standard of interpreting user intent. GoalSpan takes privacy and meaningful choice seriously and will make efforts to continue to monitor developments around DNT browser technology and the implementation of a standard.

As is true of most websites, we gather certain information automatically and store it in log files. This information includes internet protocol (IP) addresses, browser type, internet service provider (ISP), referring/exit pages, operating system, date/time stamp, and clickstream data. We use this information, which does not directly identify individual users, to analyze trends, to administer the site, to track

Visitors' and Users' movements around the website and to gather non-identifiable, demographic information about our user base as a whole. We link this automatically-collected data to Personal Information so that we can better gauge our Visitors' and Users' needs and provide specific information to best serve them.

We do not utilize Google Advertising Networks to publish advertising on other sites or set any cookies for marketing purposes or otherwise.

We display personal testimonials of satisfied customers on our website in addition to other endorsements. With your consent we may post your testimonial along with your name. If you wish to update or delete your testimonial, you can contact us using the contact information below.

Our website includes social media features, such as the Facebook Like button and widgets, the Share this button or interactive mini-programs that run on our site. Your interactions with these features are governed by the privacy policy of the company providing the features.
